## MISS LIVY'S TRAIL EXPLORATION

### Book Summary

How exciting it must be to spend time outside and learn about the environment and animals. In this UReadULead selection, Miss Livy and her good friend enjoy a friendly walk along a nature trail not far from Miss Livy's home. And on this day, the weather outside is perfect. As they explore the great outdoors, they marvel at the outdoors scenery, observing different kinds of beautiful trees, fish in a stream, and animals in their natural habitat.

As you read, what questions and observations do you have about the nature trail? What would you be doing? What types of careers are associated with this type of exploration? Could Miss Livy or her good friend be interested in becoming an environmentalist, or zoologist, or geologist, or marine biologist? After reading this book, perhaps you can decide on their possible career interests, or maybe even your own.

### Character Trait(s)

#### Friendship and Curiosity

Friendship is an understanding and happy relationship you share with someone else. The feeling you have toward that person is one of kindness and trust. Are you kind to your friend as well as people whom you may not know? Do you trust your friend and does your friend trust you? Can you imagine how you would feel if you did not have a friend or friends?

Curiosity is your willingness to ask questions in the effort to learn more and increase your knowledge base. Miss Livy is joined by her friend Isabel, and together, they show their friendship and curiosity as they explore the environment. As they walk along the nature trail, they show their curiosity by observing and trying to learn as much as they can about the environment. Ask yourself, are you curious when it comes to learning new things? Are you inquisitive at home, in school, and the community?

Having friends and being curious are a part of your natural growth and development. You should be able to trust persons and you must be trustworthy. And you should always ask questions so that you can learn more about yourself and the world in which you live.

## Who Are Doc Cee and Miss Livy?

Doc Cee and Miss Livy are really cool twins who share exciting adventures at home, in school, and anywhere they end up going.

Doc Cee, the elder twin, is a genius known worldwide for his advanced math and science skills. He is highly intelligent, enterprising, and athletically inclined. A natural leader, he finds himself at the forefront of situations. And he always wears his signature hat!

Miss Livy is the loveable, adorable twin sister who uses her wit to aid her brother and friends in their adventures. Like Doc Cee, she is academically gifted and athletically inclined. She loves reading, science, law, music, and gymnastics. Sometimes, she and her friends engage in learning adventures of their own.
